Protocol on Responding to the Death of a Student

The protocols attempt to:

a) Assist those dealing with the crisis to respond appropriately in a timely manner;
b) Provide coordination with external individuals and agencies;
c) Provide communication within the College community;
d) Assist with post-crisis support and resolution;
e) Provide an empathetic and caring voice from the College to friends and family of deceased.

When implementing the protocols remember: FERPA applies until the death is verified.

Depending upon student status upon death notification, the procedures of this protocol will be implemented as appropriate. It is also important to understand that each situation is unique and that staff response should reflect the specific nature of each death.

SECTION 1:
Death of a Matriculated Student

When the student’s death is on campus:
1. The first responder will immediately contact Public Safety. Public Safety officers will respond and be in charge of the scene of the incident until all appropriate actions have been taken. A ranking College Officer will be available, as appropriate. At the first opportunity, Public Safety officers will contact the Dean of Students.

2. The Dean of Students will immediately inform the Vice President of Student Affairs, Office of Communications, student’s next of kin and if appropriate, members of the Behavioral Intervention Team (BIT), and other staff members to coordinate their efforts.
